DATE	CASE MANAGER	COMMENTS/FOLLOW-UP/STRATEGIES
------	--------------	-------------------------------

Feb 18/15	Jeanne Perez	(1) Met with youth, key worker and practicum student.
-----------	--------------	---

Youth is progressing well and feels ready to move to Step 3.  
He has adjusted well to

living here and meets all of his program goals. (2) Youth is regularly seeing his

psychologist Dr. Peter and feels he is making progress in that area. Dr. Peter has

suggested that he try to meet with his mother to address past

issues of abuse and

other concerns. Youth has requested staff support in this meeting. Staff will meet with

youth before the meeting to discuss goals and expectations. (3)

Youth is progressing

really well in school and is interested in transitioning to full-time. Will take two

courses in the summer and will meet with school staff to discuss a full-time transition.

Youth indicates that he will need financial support to switch to fulltime. (4) Youth has

been doing well in his job and recently received a raise. He is going to work on a new

budget now that he has taken some budgeting like skills classes  
and has a better sense

of where his money goes. (5) Youth would like to volunteer  
with a seniors' centre as he

wants to work in one after he completes his social work degree.
